Elements HYBRID XL

Elements HYBRID HERRINGBONE

Maintenance & Care Guide

General Care

- Sweep floor regularly with an electrostatic broom, soft bristled broom or wood floor mop.
- Dust and/or clean with a soft bristled vacuum head. Ensure vacuum head is non-abrasive with no metal contact points .
- Remove spills promptly with an absorbent cloth or similar.
- Place mats at exterior and interior doors to trap sand and grit from incoming traffic.
- Use a rug or mat in high traffic areas to reduce wear & scuffing. Where possible, periodically relocate rugs or large items to allow natural aging of the floor surface area.
- Place felt protectors on the legs of furniture to avoid scratches.
- Keep pets' claws properly trimmed to avoid excess scratches and gouges.
- Flooring must be always protected from direct sunlight. (Use of curtains, blinds or UV resistant film on windows).

Regular Care

- Do not steam mop or excessively wet mop floor surface area after installation. Too much water may allow seepage through the click profile and will create a moist environment under the floor planks.
- Do not use waxes or common household supermarket cleaners or detergents on the floor. These types of cleaning solutions are very abrasive. Long term use will dull the finish and soften the surface coating reducing its durability and sheen level.
- Chairs with roller wheels must be placed on protective mats to protect the surface coating.
- Do not let sand, dirt or grit build up on the floor surface.
- Avoid walking in narrow point or stiletto heel shoes as they may damage the surface of your floor.
- Do not roll or slide heavy furniture or appliances across flooring without surface protection or lift trolley.
- Place drip pans or protective matting under pot plants and animal feeding or bedding areas to avoid moisture ingress.
